

Geology 2nd Qtr Project Documentary Video

Names _____

For this project you need to select a chapter or topic relating to geology. You need to work in groups of 2-3. One member **must have a video camera** that you can use for the taping of the video. I must approve this topic before you proceed with the project. In order to receive full credit you must write a script and produce a geology documentary video. **The script needs to be 3 pages in length! The video needs to be 12-18 minutes in length!**

YOU WILL BE GRADED ON:

Script (50 pts)

_____/40 Rough Draft (did you include as much relevant information as possible?, did you cite your sources?, did you give a timeline of events?, did you designate your actors?, was it long enough (3 pgs))

_____/10 Final Draft (did you make all the necessary changes from the first draft?, did you include the first draft?)

Video (50 pts)

_____/25 Content (did you edit out any unnecessary footage?, did you cover all of the necessary material to represent your topic?, did you use an appropriate setting and props?, was it professional?, did you add credits (sources & actors) to your video?)

_____/20 Length (12-18 minutes)

_____/5 Appropriate Dress (like a geologist)

Extra Credit (5 pts)

_____/0 Make a study guide to go with your video

DUE DATES:

_____ Topic Chosen
